

Basket Ball Hoops

Covenant Enforcement would like to remind residents that portable basketball hoops are not allowed to be placed in or on the public right-of-way. Public right-of-way means the sidewalks and streets. As winter approaches these types of sports equipment often end up frozen to the sidewalk or street making it very difficult to remove. They are not played with very often if at all in the winter and just become an eyesore and inconvenience to many. Blocking the right-of-way is considered a violation not only of the community covenants but also the City's Ordinance both of which provide the authority to require removal and impose fines. Please take the time to remove your basketball hoop to keep the community sidewalks and streets clear from obstructions. Thank you for your cooperation.
